

Emergency Solutions Grant (ESG) Pre-Application

In order to qualify for the ESG program you must:

- Have stable income coming in every month. This income must be sustainable every month (i.e. enough money to pay for rent AND utilities every month) and meet our income guidelines depending on family size (this portion will be determined after application is reviewed). **In order to qualify you must attach proof of income which may include check stubs or income verification you can get from Posada. If unable to provide either of those options due to other reasons (i.e. self-employment) you can bring in bank statements, receipts, tax forms, etc.**
If you DO NOT have any income or are unable to prove your income, you will not qualify for this program.
- Either be homeless or at risk of homelessness. *To fall under the category homeless, you must be staying in a homeless shelter, place not meant for habitation, car, the street, etc. To fall under the category at risk of homelessness, you must have an eviction notice or a letter from a family member or friend in regards to violation of their lease.* **In order to qualify under housing status, you must provide proof of homelessness or an eviction notice/letter.**
If you DO NOT fall under the definitions of either homeless or at risk of homelessness, you will not qualify for this program.
